

Perhaps I like the phrase “withered hand” a bit too much

 devblogs.microsoft.com/oldnewthing/20051003-09

Raymond Chen

Sure, I like saying “withered hand”, but Google took this a bit too far and made me the top hit for the phrase withered hand, making me more popular than Jesus with respect to that phrase, at least for now. I apologize to all the people looking for the Miracle of the Withered Hand. Fortunately, MSN Search and Yahoo were not fooled.
