October 18, 2011

Raymond Chen

On the mailing list with a negative service level agreement, one of my colleagues posted the message

| Free Nerf guns in my office. I've decided I'm no longer a collector.

Not one to miss the opportunity to cause some trouble, another colleague posted the message

| Nerf guns for sale: \$1 each. Get'em while they're hot.

That earned a chuckle from me.
