

# Extending process attribute inheritance beyond its current boundaries

---

 [devblogs.microsoft.com/oldnewthing/20130506-01](http://devblogs.microsoft.com/oldnewthing/20130506-01)

May 6, 2013

Raymond Chen

I dreamed that I had to fix a bug in `CreateProcess` where it failed to inherit the parent process's assault weapons.
